

**IMPORTANT NOTICE:**  
**ALL SAW, Inc. Adult Activities Centers to temporarily close**  
**effective March 18, 2020**

In an effort to help reduce the spread of the coronavirus (COVID-19), SAW, Inc. is closing all six of its Adult Activities Centers effective March 18, 2020 under direction from the Ohio Department of Developmental Disabilities. People participating in SAW's Group Employment Program will continue working depending on where they are based. Group Employment Supervisors will reach out individually to people in the Group Employment Program to update them on their status.

Over the past few weeks, SAW's team of professionals has worked diligently to provide a safe and healthy environment for the people who attend SAW's Centers. We have continued to follow the guidelines set forth by the Centers for Disease Control and the Ohio Department of Health. We have worked hard to give people a choice of either staying home or providing a place for them to go, based on one's preference. The time has come ensure the health and well-being of all by closing the Centers.

We continue to be committed to the individuals we serve, and so we are exploring many different options. We have a lot of dedicated and knowledgeable staff who will be working with Cuyahoga DD on how we can help support individuals with developmental disabilities in need at home. We are striving to be creative in options, which may include day services or vocational habilitation in your home, respite and home and personal care services. Please know that we are working through what this means, and we will continue to send out communication as often as necessary.

If you are interested in receiving our services in your home or have questions, we will continue to be available to answer calls and e-mails. Please feel free to contact us or Cuyahoga DD. We're here to help and want you to know that we're committed to continuing to serve you.
