# We are your workforce solution!

**Are you on a training rollercoaster? Do you invest time and money in training new employees and then they leave?**

Let SAW, Inc. do the training for you! You train one SAW Employment staff on the project/tasks. The SAW staff then trains a group of up to 10 potential employees on the task all the while getting the job done!

**Having trouble attracting entry level workers?**

Often, the jobs that other employees may find repetitive, tedious or just not challenging is an exceptional fit providing excellent training opportunities and a sense of accomplishment to our enrollees.

**Spending a lot of time and money on HR functions for new employees?**

SAW, Inc. will handle all the HR functions for our workers - payroll, workers compensation, background checks, etc.

**When an individual has completed training with SAW, Inc. You have the ability to hire a qualified, well-trained, committed and responsible employee for your company!**

Did you know hiring workers with disabilities have other benefits for your company?

- 92% of Americans would prefer to spend their money at businesses that hire people with disabilities
- Diverse teams out perform non-diverse teams in performance metrics
- People with disabilities stay in jobs longer than individuals without disabilities (62% stay 3 years or longer) – decreasing turnover for businesses and recruiting costs
