

# Are you seeking volunteer assistance on a steady basis?

- **Receive a dedicated volunteer base by partnering with SAW, Inc.** We have more than 100 individuals enrolled in our program who would love to give back to their community in a meaningful way. They are available Monday through Friday during the daytime hours (and possibly other times.) Individuals can participate as a group for a one-time volunteer experience, like if you need a team of volunteers for an event, or individually on an on-going basis. We are flexible to meet the needs of your organization.
- **SAW enrollees feel a deep sense of pride and often serve other organizations in many ways.** Previous service activities have included sorting, packing, connecting with people in need, caring for animals, organizing, distributing food, maintenance tasks, and more.
- **The SAW, Inc. staff supports our enrollees as they volunteer, ensuring we meet the needs of your organization.** Rest assured we support our enrollees so your work is completed in a quality manner. You receive true, ongoing community service with the added benefit of extending your mission to assist a commonly overlooked population.

Join SAW, Inc.'s other volunteer partners. Our agency has already participated in hundreds of hours of volunteer service from packing and delivering food to those experiencing food insecurity, to providing companionship to homeless animals, and we would love to assist you. Here is what a few of them had to say:

*"Our SAW team arrives with friendly faces, excited and eager to carry out the job we trust them to complete. They are consistent, respectful, and diligent in the tasks we provide them to accomplish. The SAW advisors that accompany each team of workers are very communicative, responsible, and oversee their clients well to ensure each team member is being guided appropriately in their job."*

– Cuyahoga Valley Church

*"They always greet us with a smile and seem to really enjoy what they are doing. They are always so patient and helpful with our clients. The staff and administration are always quick to respond to any question or request."*

– Rocky River Assistance Program

## ABOUT US

SAW, Inc. provides training work training and community membership opportunities for adults with developmental disabilities.
